## SHOW YOUR SCAR

Or Else Be Ready to Pay a Fine.

Council Is Going to Enforce Compulsory Vaccination in The City.

There are two or three new cases of small pox in the city. One is a little white child, a child of Mr. R. M. Steele. Another is a colored woman named Elgin, on 13th street. There is one other suspect on 2nd street. The two cases previously reported have been dismissed. The county is full of smallpox, and it is impossible to prevent some cases being developed in town. The Council held a meeting one night this week and instructed the Mayor to take vigorous steps to enforce the vaccination ordinance. Mayor Henry has issued a warning and will follow it up with arrests and fines. People who cannot show a good scar and refuse to be vaccinated, will be fined from \$5 to \$20 each. The disease has been of a very mild type. It does not make the victims sick in many instances, making it hard to control. At Casky, Gracey, and other points in the county the situation is growing worse. J. W. Francis, a leading citizen of Gracey, has the disease.

## FINCH CASE

Is Reset For the Twenty Fifth Day of Term.

In the Circuit Court Tuesday morning the following petit jurors were selected: J. W. P'Pool, J. P. Barnes, J. V. Forbes, S. T. Myers, L. L. Nichols, I. A. Cook, W. S. Harrod, M. F. Winfree, T. M. Yancy, L. R. Yancey, P. N. Haddock, J. F. Cordine, Harlan Durham, M. H. Wright, Stonewall Morris, A. Cato, W. W. Kelson, A. J. Martin, W. B. Owen, Harry Haddock, C. C. Lindsay, C. S. Bradshaw, M. M. Lacy, and J. M. Kershaw.

The case of Joe Johnson, charged with assault with intent to rape, was tried Tuesday. Johnson was fined \$50.

Jas. Cannon, charged with shooting in sudden heat and passion, was dismissed. Cannon shot Livy over several months ago. He was fined \$25 for carrying a concealed deadly weapon.

The indictment in the case of Laura Bruin and others, charged with the murder of Edmund Bruin, an old colored man, whose body was found floating in the East Fork of Little River several months ago, was dismissed, with leave to re-submit to some future grand jury.

The case of Charles Finch, set for the 5th day of the term, was reset for the 25th day of court and will likely be tried at that time.

Several misdemeanor cases were continued until the February term.

## ONLY SKIRMISHES

Are Reported Where the Japs Are Advancing.

Outpost skirmishes constitute the disclosed activities on the Liao and Taitse rivers. Gen. Kuropatkin is reported to be keeping in contact with the entire Japanese front. Russian scouts report that the main Japanese force is centered in the vicinity of the Yental mines. Chinese arriving at Che Foo report that Japanese attacks on Port Arthur have resulted in heavy losses to the assaulting forces. St. Petersburg hears that the Japanese blockade of Port Arthur is effective and that Togo's fleet is seizing junks that endeavor to transport supplies to the besieged fortress.

## STANLEY MONDAY.

Eloquent Young Congressman to Make First Speech Here.

Campaign To Be Formally Opened All Over The State.

Hon. A. O. Stanley will open the Democratic Campaign in Christian county with a speech at the court house next Monday afternoon at one o'clock. The young Congressman is recognized as one of the most brilliant and entertaining stump-speakers in the state. An orator of unusual ability and a close student of public questions, his speech will undoubtedly be a fitting opening of the campaign, that from now on may be expected to increase in animation. His speech is one of two or more in the state at the same time and the camp fires of Democracy will soon be burning on every hilltop in the state. If there is a Democrat in Christian county who is not for the ticket this year he has not made it known up to this time.

## TOBACCO MARKET.

Nearly Two Hundred Hogsheds Sold—Situation Unchanged.

There was a fairly good sale of the loose weed on the floor by R. M. Woodbridge & Co. this week and prices were about the same as those obtained for the past few weeks. These receipts are not so large as they were during the earlier part of the season, but continue good.

Sales on the breaks amounted to 147 hogsheds and private sales were 20 hogsheds. Receipts for the week, 198 hogsheds; receipts for the year 13,440 hogsheds; as yet for the year, 12,180 hogsheds. Market steady.

## Ophthalmoscope and Retinoscope - Combined.

An up-to-date instrument for the diagnosis of the pathological condition of the interior of the eye without the use of a dark room or mediocrity to dilate the pupil. It is used all errors of refraction are detected and means are given to correct them. Without asking the patient any questions—thereby leaving the operator independent of the intelligence of the patient. It is for children. It is the latest and most wonderful production of optical science. It is used to examine (veins and arteries), as well as early as the patient's face. This is a costly instrument, but as I have been always deeply interested, and made a specialty of examining, and having of glasses in the eye, I have kept up-to-date with the latest and best methods and instruments and feel that the best is now to good for my patients. They may rest assured that they will get the latest and best service obtainable anywhere—derived from long years of practice—experience with up-to-date appliances and for the least money.

### PETALUMA, CAL.

#### A Chicken and Egg Town Where You Can Get Rich.

Three thousand and five hundred dollars a day for eggs alone, that's what Petaluma, Cal., receives in cash on an average each day throughout the year. Petaluma has a population under 4,000, but with its million chicken inhabitants it is from a hen's point of view the metropolis of the world. No other district of even ten times the territory can approximate the chicken output of Petaluma. Poultry raising is the chief industry and if all the hens in the little city and its immediate environs were to form one huge composite hen, this gigantic fowl would weigh more than 235 tons. Eight hundred thousand of the fowls are White Leghorns, and almost every one who has an acre or two of land raises chickens on an extensive scale. For the student of poultry raising on a large basis, Petaluma affords a unique and profitable study.

The city supplies more than one-half the poultry and eggs used in California and it sends a great quantity of eggs and chilled fowls to the East, as well as to the Hawaiian Islands and to the Philippines. As a producer of breakfast foods Petaluma is a rival of Battle Creek, and this breakfast food is all the product of the American hen. Along with its giant chicken business, Petaluma boasts of the largest incubator factory in the world and there are more incubator manufacturing in Petaluma than in any single city. One sees thousands of cases in Petaluma and thousands of wire chicken crates. Signs announcing "Poultry Feed" and "Poultry Supplies" are conspicuous.

Petaluma is a cash town. Its merchants pay spot cash for all farm products, from a dozen eggs, or a hundred cases, to a thousand tons of hay. This is because eggs are perishable. The poultry business has been a gold mine for financial stagnation. It has fixed business on a cash basis. The hens of Petaluma consume over \$450,000 worth of prepared feed each year. Those within a radius of four teen miles eat \$3,300 approximately worth of feed. There are within the radius 7,650,000 fowls.

On April 23 Petaluma commission merchants paid \$5,800 cash for eggs; and for the week ending March 37 they paid out \$18,450 for poultry products, not including direct shipments, which would increase the amount to \$25,000 for the week. Petaluma is thirty-six miles from San Francisco.

A great portion of its poultry trade is done with this city. Two stern-wheel steamers, the Gold and the Napa City, make daily trips and thirty-eight sailing vessels assist in carrying eggs. The Gold and Napa City carry on an average throughout the year from 500 to 700 cases of eggs, each case containing from thirty to thirty-six dozen eggs. Besides this they are often loaded down to the water line by additional chicken crates. Some

### A WAY OPEN.

#### Many a Hopkingsville Reader Knows It Well.

There is a way open to convince the greatest skeptic. Scores of Hopkingsville people have made it possible. The public statement of their experience is proof the like of which has never been produced before in Hopkingsville. Read this case of it given by a citizen.

Mrs. W. H. Robb, wife of W. H. Robb, machinist, employe at Forbes & Co's wagon works, and residing at 1029 1/2 High street says: "I hardly knew for months what it was to be free from an aching back and the irregular action of the kidneys caused at the same time other symptoms which were distressing and oftentimes exasperating. I read about Doan's Kidney Pills and the symptoms which it was claimed it would cure seemed so much like mine that I had my husband to get a box for me at Thomas & Graham's drug store. I found that they gave me almost immediate relief and continued taking them for some time. They did me more good than all the kidney medicine I had ever taken put together, and the results of the treatment justify me in subscribing my name to a hearty endorsement of the pills."

times the load is so heavy that it reaches from the lower deck to a level with the pilot house of the good sized packets, which carry the daily loads. It costs 10 cents to ship a crate of eggs to San Francisco, the empty crate being returned free.

Petaluma has the largest chicken ranch in the world. This ranch has upon its premises 13,000 hens, besides thousands of chicks in the brooders and brooder houses. The poultry ranches vary in size from those of 300 to 2,000 hens, kept within the city limits or so close at hand as to form practically a part of the city, to the average big ranch of 3,000 to 5,000 hens with fifteen minutes or half hour's drive from the steam boat landing.

It takes an enormous quantity of feed to keep ranches supplied. Some of the poultry men buy feed in quantities up to 2,000 sacks at a single purchase. It is estimated conservatively that each hen yields an annual net income of 75 cents.

Of course in exceptional seasons the average will equal or exceed one dollar. By selling all hens over three years old, young cockerels and broilers, the poultry rancher is able to meet all current expenses and to pay the interest on his plant. It is the hens who lay the golden eggs and from the eggs in Petaluma come most of the profits. White Leghorns are raised in Petaluma because they lay white eggs, and these eggs sell better than any other varieties; they are uniform in size and please the housewife better than when the eggs are differently shaded, although perhaps larger.

Poultry raising on a large scale is an interesting industry. There is as much difference between the methods of the man who raises a few dozen or a few hundred chickens and the man who raises them by the thousands, as there is between the small dairyman and the great stock rancher. The big poultry rancher buys his feed at whole

sale. It takes a ton of wheat and a ton of middlings per month to feed one thousand chickens up to the profitable laying point. The big poultry rancher buys his feed by the carload; he sells the stray feathers, the empty egg shells from the incubators and the guano. The sale from all of these make an appreciable reduction in running expenses. The egg shells alone are worth \$1.60 a bushel.

There are nine establishments in Petaluma which pack eggs and chill dressed poultry so that it may be shipped a long distance. The hen in Petaluma is too dignified and valuable a creature to devote her time to hatching chicks. All she has to do is to keep on laying until the end of the third year, when she is sold for marketable purposes. The duties of maternity are all performed by incubators and brooders, and on some big poultry ranches near Petaluma one will find a half dozen incubators and brooder houses, all filled with chicks. Small balls of down from the incubator or little white wild chirping creatures that swarm to the other side of the brooder house in affright the moment a strange voice sounds within.

There are always a number of cats on every chicken ranch to keep the ranch free from rats and other vermin. One sees very few roosters in Petaluma, it being generally considered a useless expense to keep many of them the year round. Young frying males bring 30c wholesale; hens bring 25c and 30c at eight and ten weeks. Young fryers, if well grown, bring 20c. These prices are the very lowest. The winter and early spring eggs have sold at 50c a dozen. Good spring fryers have brought 75c for all that could be produced and this undressed, for none of the poultry ranchers in the Petaluma district ever dress their poultry. This is all done by shippers and commission houses. Thousands of crates of live chickens are sent to San Francisco.

On a large chicken ranch the chickens are moved to a new plot of ground every 3 months. The "running" ground is divided into four plots, two of the plots being grass runways and two being gravel. After the chicks have been moved from one runway it is ploughed and sown to grass, alfalfa or kale. At the end of three months this has sufficiently grown to allow the fowls plenty greens while the gravel runway having lain idle is now perfectly sanitary.

The climate of Petaluma appears to be suited to the most vigorous growth. Ordinary fowls are almost unknown on a well conducted ranch. Petaluma is but seventeen miles from Santa Rosa, where is located the experiment farm of Luther Burbank, the great plant breeder and hybridizer. The success with all varieties of plants from every quarter of the globe can be grown is indicative of the vigor of fowl life.

Not all persons are equally successful. I met an old German rancher, Mr. Schroeder, who lives on the outskirts of Petaluma. Starting with a very small

property, within a few years he has built up a large chicken ranch. When he had but 500 hens he was selling as many eggs as some of his neighbors who had four times his stock. He attributes his success to his feeding, which while generous, is so graded as to produce the highest fruitfulness. "Give your chickens enough so that they won't run themselves thin, but not so much as to make them over fat," is Mr. Schroeder's motto. But then his very world is bound up in chickens. He knows the subtleties of the arrogant hen—Saturday Evening Blade.

A big pumpkin used in a guessing contest by the Louisville Times had 94 seeds in it. Five people guessed the exact number.

President Roosevelt gave a dinner to the Archbishop of Canterbury and other white people last Saturday. Covers were laid for twenty-eight.

The act appropriating \$15,000 annually to the Kentucky Children's Home Society was held to be constitutional by Special Judge Carroll in an opinion delivered in the Franklin Circuit Court.

President Roosevelt is said to be chafing under criticism of his administration in Judge Parker's letter of acceptance and is anxious to take the stump to defend himself.

A burglar at Cynthiana invaded the bedroom of Miss Mattie Todd, former postmistress, who bravely leaped from her bed and chased the intruder out with a broom. This was better than screaming and hiding her head under the cover.

William Jennings Bryan will speak for Parker and Davis in Indiana from October 12 to 22 inclusive making 30 speeches during the ten days. Indiana is to be one of the battle grounds of the campaign.

Fred Hoertz, a prominent Louisville contractor and politician, died Tuesday. He was one of the Democratic election commissioners for Jefferson county during the stirring times in 1899, when efforts were made to intimidate the Democrats with threats of violence.

A J. Leister, a Chicago wheat broker, has closed out his business \$200,000 ahead in wheat, and has left with his family for an indefinite tour of Europe. Perhaps the time has come for our farmer friends to close out and if they can not go to Europe they can at least come to move their subscriptions to the Kentuckian up a year or two.

Miss Christina Bradley, only daughter of C. W. O. Bradley, will be married at her home in Louisville November 2, to Dr. John South, of Frankfort. Miss Bradley during her father's term as Governor refused to exchange in christening the Battisfield Kentucky ship, as he wished.

Judge W. P. Sandridge, in opening court at Elkton Monday, delivered a strong charge to the jury on the prevalence of murder in Todd county. He declared that his docket contained half a dozen murder cases, and that murder was too common in the county and the jury were called upon to bring about a higher respect for the laws and a greater regard for human life. I was just such a charge as is needed in many other districts, where bloodshed is a common pastime and murder trials a series of roaring farces. Judge Sandridge might have gone further and said that the failure of the courts and juries to do their sworn duty in punishing crime, is more to blame than all else for the growth of mob sentiment in Kentucky.

\$100—REWARD—\$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. No other remedy has so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address: F. J. Cheney & Co., Toledo, Ohio.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Ponder cana people are having the lynching problem brought home to them. Southern negroes are flocking into the state, attracted by the denunciation of mob law as a punishment for the outraging of white girls. A Pittsburgh dispatch mentions five cases in one day where negroes assaulted, or attempted to assault, white girls, some of them little children. Human nature is the same everywhere. Ropes will follow rapes.

Congressman F. A. Hopkins and his Republican opponent for Congress in the Tenth district, T. B. Blakey, will campaign the district together, sleeping in the same bed, eating at the same table and speaking from the same platform. They have known each other for a long time and have always been good friends. Mr. Blakey was reared at Auburn, in Logan county, and was formerly a Democrat. He is a brother of Dr. T. W. Blakey, of this city.

Acting Governor W. P. Thorne has kicked up a big rumpus in Louisville by pardoning Clem Buchter, who was given a life sentence two years ago, for the murder of his daughter, after seducing her. The reasons given for the pardon are that Buchter is a sufferer from locomotor ataxia, is nearly blind, mentally irresponsible, and is to leave Kentucky.

Special Judge Carroll, in the Franklin Circuit Court, has decided that the common school fund is not entitled to any of the funds of the State Insurance Department collected as direct taxes from insurance companies doing business in the state, thus sustaining the contention of Auditor Hager. The amount involved was about \$150,000.

Senator Hoar, of Massachusetts, lingers in an unconscious condition, sleeping most of the time. His condition is hopeless and death evidently close at hand.

Wm. Dingus, of Floyd county, one of the Republican electors for Kentucky, has resigned. The resignation as well resign.

Russia has at least one lighter who seems to be the real stuff. Gen. Stoesel says he can hold Port Arthur six months longer without help.

Gen. Grippenberg, is to be sent to the front to reinforce Gen. Kuropatkin. If there is anything in a name, the new general ought to be able to hold things awhile.

The head of the Knox Hat Manufacturing Company is talking through his hat. He announces that he will spend \$100,000 to beat Better.

### Better Than Hot Springs.

Having a thorough feeling of satisfaction that I am permanently cured by the treatment of our noted osteopath, Dr. J. E. Oldham, I wish to make a statement in his behalf. For quite a while I suffered with excruciating sciatic pains in my left side, from hip to foot. Medical attention failed to reach my case, and after remaining several weeks at Red Boiling Springs, Tenn., and Dawson Springs, Ky., I returned feeling practically worse from my trips. My friends persuaded me positively against my will, to try the treatment of Dr. Oldham. And today I am thankful for having complied with others' requests, for after one month's treatment I feel as well as I ever felt in my life. For this reason I gladly take the privilege of informing my friends that Dr. Oldham can positively cure any and all cases of rheumatism, as well as all other diseases, and I take this mode of expressing my gratitude. Respectfully, T. M. EDMUNDSON.

## REGISTRATION LAW.

Obstacles Removed by the Courts To Certify Feature.

General Registration in All Incorporated Towns Next Tuesday.

The Court of Appeals at Frankfort Wednesday, in the test case from Kenton county, reversed Special Judge Mackey and held the new registration law to be constitutional.

The opinion of the court was withdrawn after being handed down, in order to give Judge Settle opportunity to make two additions to it. These additions are to meet the queries put as to the number of signatures required to the certificate of registration, and the issue of certificates after regular registration day by the County Clerk. The court holds that all officers of registration must sign the certificate and that the County Clerk can issue certificates to parties who could not register on the regular day for doing so.

This removes the only obstacle in the way of the law, which will become operative at the registration to be held next Tuesday in every incorporated city and town in Kentucky. In Christian county registration polls will be opened in eleven districts. Hopkinsville has five, Pembroke two, Crofton two, Lafayette one and Gracely one. Fairview has a few voters on the Christian county side of the town who will probably be registered by the Todd county officers, as they vote at precincts several miles away.

In Hopkinsville a new precinct has been formed over the river with the voting place at the stable opposite the Union Tabernacle. All of the voters on that side of the river vote at that place, which is called No. 5, and Concord, formerly known as No. 5, is now No. 29. The line dividing No. 1 and No. 2 has also been changed, to relieve the heavy vote in No. 2. The following provisions of the registration law should be borne in mind:

The following requirements are made under the law:

The date of the registration is the first Tuesday in October, which is Tuesday of next week.

The officers to conduct the registration will be the officers of election for the precincts embracing the cities in which registration is required.

Only those persons are entitled to register who are over twenty-one years of age, have lived in the state one year, the county six months and the precinct sixty days next preceding the November election following the registration.

When a voter is entitled to register the clerk of the registration will issue him a certificate of registration, which he must preserve and present to the officers of election before he will be entitled to vote.

The registration places must be kept open from 6 o'clock in the morning until 9 o'clock at night.

Any person entitled to register, who was necessarily absent from the city on the day of registration, or who was sick during said time, or who was unable to attend the place of registration on account of sickness of some named member of his family, may have his name placed upon the registry for the precinct in which he lives by attending the county clerk's office on Monday, Tuesday and Wednesday next preceding the election and making affidavit to such facts. The county clerk is empowered to hear testimony as to the qualifications of any voter seeking to register and shall determine whether or not he is entitled to register.

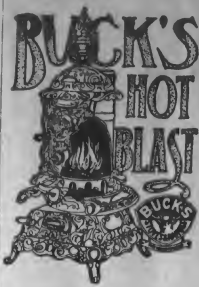

Any person who shall cause himself to be registered, knowing that he is not lawfully entitled to registration, and any person who shall aid or abet in the commission of any of said acts, shall be imprisoned in the county jail not less than one nor more than twelve months.

The above are the principal features of the registration law.

Great Moral Lesson.

Splendid Cast of New York Players. Edith Kowand, Elizabeth Walker, Van McKenzie and W. R. Healy.

Prices—25c, 35c, 50c and 75c. Seats on sale at the Hardwick's Drug Store.

### Next Attraction.

The attraction which manager Holland offers to the patrons of the opera house for Friday, Oct. 7, is Vance & Sullivan's emotional drama, entitled "Why Girls Leave Home." It is said to be realistically portrayed, and of wholesome conception. It is a drama of domestic life wherein are pointed out the frequent consequences of unjust suspicion and stubborn self-will—how pique and passion may be responsible for the engulfing of innocence and wreck of homes. In "Why Girls Leave Home" there is woven a thrilling story of the misunderstanding and misleading side of brother and sister which well nigh brings ignominious ruin to both. The presenting company is said to be an exceptionally clever one, and the stage accessories perfect in every respect. Seats at Hardwick's.

### WIN THE PRIZE

A Trip to New England, With All Expenses Paid.

Mrs. Johnnie Mills Campbell, of the insurance firm of Campbell & Campbell, left yesterday for Hartford, Conn., and other eastern cities. Mrs. Campbell as local agent of the Travelers Insurance Company has won the trip as a premium offered to the agent doing the largest volume of business in a given time. The company pays all expenses of the trip.

### Nonagenarian Dead.

John Bennett, aged 93, a patient at the Insane Asylum for a number of years, died in the institution Tuesday night of old age. The body was shipped to Predonia, his former home, Wednesday, for interment.

# HOWELL REVIVAL CLOSES.

Forty-Three Additions To Olivet Baptist Church.

The series of meetings at Olivet Baptist church near Howell after continuing 12 days closed Wednesday night, resulting in 38 additions. Pastor H. O. McGill baptized 27 Wednesday morning in Mr. Chas. N. Fry's pond.

Rev. M. B. Staley, of Morganfield, did the preaching and was greeted with large audiences at every service. He is a preacher of deep thought and forceful in the delivery of his discourses. Rev. T. V. McCaul, of Providence, Ky., attended the meeting one week and sang solos, which were enjoyed by all. During the meeting, Miss Edith Allen offered herself to lay

her life on the altar of God to be used in the Foreign Missionary work. In the last six weeks there have been 43 additions to the church, increasing the membership to 230.

## MARRIED IN ATLANTA.

Details of the wedding of former Hopkinsville Young Lady.

An Atlanta paper says the recent wedding of Miss Rosa Steinhagen to Mr. Clarence Blosser was quite a brilliant affair. The marriage was solemnized at the bride's home. Dr. H. N. Hirdley officiated and the guests were hospitably entertained afterwards. The drawing room was decorated with palms, roses and golden rods. Mr. John Muller sang "Oh Promise Me," and Dr. J. Lewis Browne played the

wedding march. Mr. Blosser entered with his best man, Mr. John Beasham, of Nashville, and they were followed by Miss Jeanette Campbell, of Paducah, Ky., maid of honor. The bride entered with her father. During the reception refreshments were served, with Mrs. Florence Waide, the bride's sister, presiding at the punch bowl. There were many elegant bridal presents. The article concluded by saying: "Both are genuinely admired, Mrs. Blosser being a young woman of notable charm and artistic gift, and Mr. Blosser is as popular socially as he is successful in the business world. After a Western tour they will be at home October 15th."

## MASS MEETING

Of Tobacco Growers For Organization Oct. 8.

To the Tobacco Growers of Christian County.

In accordance with the resolutions passed unanimously by the Great Farmers meeting at Guthrie, Sept. 24th, it is imperative that the farmers meet and organize the county for immediate and earnest work if they desire to secure the benefits of the Dark Tobacco District Association. Saturday Oct. 8th, has been appointed for each county in the dark tobacco district to meet and organize by selecting county officers and getting every thing ready for immediate and earnest work.

A chance is now given for farmers to cooperate for their united benefit. Will they do it? If they will let them say so by a rousing meeting at the Court House Saturday, Oct. 8th.

The plans and purpose of the Association will be fully explained at the 8th of Oct., meeting.

Very Truly,

J. D. CLARDY,  
Ex Committeeman pro-tem.

Elizabethtown, where Mrs. Carrie Nation was knocked down by a saloon keeper some time ago, is in a hot fight on local option. The vote will be taken October 6 and the indications are that the saloons will be closed up. The News is leading the fight for the dry side.

## STORES THROGGED

With Ladies Looking at the Gorgeous Displays.

The fall millinery openings of Miss Fannie B. Rogers, Campbell & Co., Miss Sallie B. Hooper, J. H. Anderson & Co., and Mrs. E. Keegan took place this week and their respective places of business were crowded with ladies from all over this and adjoining counties each day.

At Miss Rogers' establishment was shown a superb line of the newest novelties for fall and winter. Her show windows had most artistic decorations of autumn foliage and potted flowers. Miss Rogers' stock is large and varied.

Campbell & Co's display was one of the prettiest in the city. Here superb imported hats were shown, as well as the masterpieces in ladies' headgear made in this country. The firm's floral decorations were also gorgeous.

The display of Miss Hooper was one of the handsomest ever seen in Hopkinsville, showing rare taste in the selection of her stock. Her floral decorations were also much admired by the hundreds of ladies who were in attendance. This house carries an immense line and this season's purchase was very heavy.

At J. H. Anderson & Co's the display of millinery goods was simply dazzling. Everything shown was of the latest styles, made exclusively for their store and their stock of these goods is the largest that was ever purchased for the fall season.

The display of fine millinery at Mrs. Keegan's was well worth seeing. She had on exhibition a beautiful line of hats and other goods usually kept in a millinery establishment, besides numerous novelties.

Miss Sarah Kate Herndon, daughter of Capt. Tom Herndon, of Paducah, was to be married in Clarksville October 19 to Mr. Arch Trawick, of Nashville.

The Knights of Pythias Lodge is having a big boom in membership. Eight or ten new members took the Knight's degree last night.

Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a lifetime curing just such cases as yours. All consultations FREE.

Lo-Co-Moter Ataxia. Now in Good Health.

Dr. M. M. Fenner, Frodoia, N. Y.

Dear Sir:—After a sickness of more than five years, I was tempted to try your Kidney and Backache Cure. In the mean time I had tried or been under about 20 doctors cure at the beginning of my trouble. It was thought to be only a local one, but as time wore on I became worse, so that at last I could not stand on my feet. Then my arms and hands became useless.

But at last after a very long time the use of both came back to me so that I could walk a little with the aid of crutches. The Doctor helped me to this point and no farther, and for 24 years I kept in the same condition.

Through the use of your Kidney and Backache Cure I am now in good health. Will say, the doctor told me—all of them—that there was no cure for me, because I was then suffering from Lo-Co-Moter Ataxia.

I remain yours respectfully,

### ENTRIES

#### Poultry Show Universal Exposition.

Started late and came very slowly until near the time for closing, then they came in such numbers as to overwhelm the clerical force and make it impossible to record them in the order of their arrival. Many entries are yet unclassified, but enough is known to announce that this will be the greatest collection of poultry and pigeons the world has ever seen. The time for closing pigeon entries has been extended, but many entries of pigeons are already here and more are arriving daily from all over the country, also entries of some foreign birds.

Of chickens, turkeys, geese and ducks, more than seven thousand have been recorded as entered and the crop fees paid in, and the list now ready ahead of the entry clerks warrant the announcement that the number of these, exclusive of the pigeons, will considerably exceed eight thousand.

So far as entries have been booked, forty-one states, territories and foreign countries are represented. Missouri leads in the number of entries with nearly one thousand birds, Canada, Illinois and New York following in the order named, and all three competing closely for second place.

Ohio, Indiana, Wisconsin and Pennsylvania constitute the next group of competitors, and they are closely bunched. New Jersey, Iowa, Massachusetts, California, Michigan, Nebraska, North Carolina and Connecticut follow closely in the order named and the size of their entries may be estimated by the fact that each of these eight states has paid in from \$100 to \$200 in coop fees.

Kansas, Arkansas, Kentucky, Minnesota, Texas and Georgia constitute the next group of close competitors. New Hampshire, Rhode Island, Tennessee, Alabama, Indian Territory, Louisiana, West Virginia, Maryland, Oklahoma, Mississippi, Maine, Oregon, South Carolina and Colorado, each make good entries, in the order named as to number.

Unclassified entries are still before the entry clerks and it is hoped that among them may be found entries from Vermont, Delaware, Virginia, Florida, the Dakotas, Washington, Montana, Nevada, Utah, Arizona and New Mexico. This would complete our list of States, but let it be remembered that this is a World's Fair Show, that birds are entered direct from several foreign countries, and that numerous importations have been made to show here.

It is a source of great satisfaction to this department to note that this will be emphatically a show of the practical and useful varieties. It is regretted that there are not still larger entries in some of the fancier varieties of games, polish, turkeys, geese and ducks. Some of the lower prizes in these may not be claimed, a condition that may be contributed to the sparsity of the fanciers and specialty clubs of those varieties. But the progressive fanciers in these lines who are entertaining bids from remote points will simply win their large prizes the easier.

The entries in the leading varieties are simply astounding and the poultry public will have an opportunity here to study these useful and beautiful varieties on a scale never before seen. In the battle of the breeds which will be waged here in October and November, there will be more than sixteen hundred Wyandottes, more than thirteen hundred Plymouth Rocks and more than one thousand Leghorns. Besides these three classes, there will be more than eight hundred Asiatics and enough Orpingtons, Minorcas

and Rhode Island Reds to make the show of the American Mediterranean, Asiatic and English classes alone exceed six thousand birds.

In the variety contests the White Wyandottes are far in the lead, Buff Plymouth Rocks, White Plymouth Rocks, Single Comb White Leghorns, Barred Plymouth Rocks, Single Comb Brown Leghorns, Silver Wyandottes, Light Brahmas, Buff Wyandottes, Single Comb Black Minorcas, Silver Comb Buff Orpingtons, Golden Wyandottes, Partridge Wyandottes, Single Comb Buff Leghorns, Rose Comb White Leghorns and, Buff Cochins following in the order named—these sixteen varieties entering from sixteen hundred to eight hundred birds each.

The Wyandottes come from twenty-nine different states, ranging from New Hampshire to Texas, and some from across the seas. The Plymouth Rocks are from twenty-four states, from Massachusetts to California, from Canada to Texas. The Leghorns are from twenty-four states, the North and South, East and West being all represented. California makes a large entry of Leghorns. The Rhode Island Reds are no longer limited to the state of their origin, they are entered from twelve different states. In Bronze Turkeys eight different states are in competition; in Pekin Ducks seven, and in Toulouse Geese six.

Now, let all who have entered remember that it will be well worth their trouble and expense to have their birds here and catalogued even though they do not win a prize.

The Cooping Committee announce that they have arranged for a supply of new coops and that they will be able to furnish the best of service and care to all exhibitors.

Very truly yours,  
CHAS. F. MILLS,  
Chief of Department of Live Stock.

Commissioner's Sale.

## COLD BLOODED

Murder, Says Coroner's Jury In The John Fleming Case.

Killed Dave Bullock in a Crap Game Over Fifty Cents.

Coroner Allensworth went to the scene of the killing of Dave Bullock, col., at Spring Hill farm, near Longview, Tuesday, and held an inquest over the body of Bullock.

Peter Crenshaw, col., the first witness testified:  
"I heard John Fleming tell Dave Bullock to give him his 50 cents. I saw them in a crap game at the time. Then John Fleming whipped his pistol out of his pocket and shot Bullock, three shots being fired. I heard John tell Dave that he was going to kill him, and Bullock said 'you have done it already.'"

Edman Weaver, col., testified:  
"The men were shooting craps and Bullock snatched up 50 cents that Fleming had won from him. Fleming asked Bullock if he intended to take it and Bullock said 'I've taken it already.' Fleming then opened fire and afterwards remarked with an oath, 'I told you I was going to kill you.'"

Fleming then snatched a pistol from Bullock's pocket and ran. The pistol was a new Smith & Wesson 32 calibre that had never been fired. Henry Stepp bought it the evening before. The pistol in Bullock's pocket belonged to Fleming."

Elmo Black, Elbert Goodman and Wm. Howell corroborated the above testimony.

The killing occurred between one and two o'clock Sunday afternoon. The jury returned a verdict finding Fleming guilty of "cold blooded murder."

Fleming has not been seen since he escaped Sunday.

## BIG EVENT.

## CAIRO SORE

And Farnbaker Acted Very Ugly When Defeated.

Paducah Wins the Pennant By the Official Decision.

## The Official Finish.

	P.	W.	L.
Paducah	120	72	48
Cairo	118	70	48
Clarksville	120	63	57
Henderson	120	53	67
Hopkinsville	121	53	68
Vincennes	119	52	67

It took three days for the K. I. T. officials to settle the dispute over the league pennant. Nothing was done at Paducah Sunday and another stormy meeting was held at Cairo Monday and the final meeting was held at Paducah Tuesday at 10 o'clock.

Those present were Dr. Irvin Thompson for Henderson; W. M. Hancock for Hopkinsville and Clarksville; and Gus Thompson and Gus Singleton for Paducah. The records were investigated and the pennant officially given to Paducah.

The first game that Loup played with Paducah against Clarksville was pitched against Cairo for Paducah was thrown out and not counted. The two games that Vincennes won from Cairo while that team was playing Minor and Cross count for Vincennes. After the forfeited games were thrown out the official summary ended as above.

M. J. Farnbaker, the deposed secretary, who has the league's records, refused to turn them over to his successor and tried to provoke a difficulty with Mr. Hancock at the meeting Monday.

It is alleged that Farnbaker had a pistol in one pocket and a bowie knife in the other. Mr. Hancock states that Mr. Farnbaker called him names and said he was going to roast him in 170 papers over the country, which he was corresponding for.

Farnbaker attempted to prevent access to the league records, but after some difficulty the officials secured a copy without his consent. Vincennes voted with Cairo, not from choice, but under an agreement of some sort, it is claimed.

Mr. Hancock succeeded in getting \$177 of the \$377 due the Hopkinsville team. \$100 of this was the initial payment for Moore's release. Of the \$200 forfeit there will be about \$60 due for umpire, leaving \$140 of Hopkinsville's money in Farnbaker's hands. He has other club funds to the amount of several hundred dollars. Legal steps will probably be taken to recover this money, which Cairo has attached to Farnbaker's hands. The Hopkinsville club will close the season in good condition, with some extra good hold over material to use in making up a winning team next season.

## A PASTOR'S WIFE

She Suffered for Years and Felt Her Case Was Hopeless—Cured by Pe-ru-na.

Mrs. ANNA B. FLEHARTY, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 401 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peru-na:

"Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peru-na. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peru-na for ten times its cost."—Mrs. Anna B. Fleharty.

What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female diseases.

Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female disease. He therefore began using Peru-na for these cases and found it so admirably adapted to their permanent cure that Peru-na has now become the most famous remedy for female diseases ever known.

Where the women are using it and praising it, Peru-na is not a palliative simply; it cures by removing the cause of female disease.

Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these

cures simply by using and recommending Peru-na.

Mrs. Esther M. Milner, DeGraff, Ohio, writes:

"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peru-na. I took four bottles and was completely cured. I think Peru-na a medicine."—Mrs. Esther M. Milner.

Congressman Thad. M. Chambersburg, Pa., writes:

"I take pleasure in saying your Peru-na is a substantial, tonic and a good catarrh remedy."—T. M. Mahon.

If you do not receive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
